Sr. Business Rep.

April 2, 2020

Dear Ms. Deitz:

In the context of continually developing information concerning the contagious and deadly nature of COVID-19, OPEIU Local 277 requests immediate bargaining concerning the terms and conditions of employment of those bargaining unit members who are required to report and work in place at Lockheed Martin facilities. We recognize and appreciate the company's cooperation in negotiating a memorandum of understanding regarding telecommuting and wish to discuss issues surrounding sanitization of work areas, potentially hazardous conditions, and the overall health and well-being of bargaining unit members whose tasks necessitate their reporting to work in person.

Please advise me of dates and times at which Lockheed representatives are available for bargaining on the stated topic.

Very truly yours,

Tyler Turner
President
Business Manager
